Difficult Horseback Feat.

There are no better horsemen in the world than the cavalry officers of the Italian army, yet even among them there are very few who could perform the feat recently achieved by one of them.

To run an ordinary foot race is easy enough, but to run at full speed for several hundred yards holding in one hand a spoon on which rests an egg and to reach the goal without dropping the egg is a feat which must be practiced carefully a long time before it can be performed successfully, and as a result there are not many who can be sure of accomplishing it whenever they try. Great, therefore, was the surprise when an Italian officer mounted on horseback performed this difficult feat. Moreover, he selected a course in which there were two or three high fences, and these he cleared at full gallop without losing the egg.

JAPS BEGIN ADVANCE UPON VLADIVOSTOCK

LAND AT POSSIET BAY AND UNDERTAKE OPERATIONS IN DIRECTION OF KIRIN.

RAILROAD TO HARBIN IS CUT

ANOTHER MOVE IN CAMPAIGN OF THE JAPANESE AGAINST THREATENED PORT.

EXPECTS THE THIRD ATTACK

ADMIRAL STARK BELIEVES JAPS WILL AGAIN OFFER BATTLE AT PORT ARTHUR.

Yinkow, Feb. 26.—Native reports that the Japanese landed at Possiet Bay, about seventy-five miles southwest of Vladivostock, and subsequently undertook operations against Hunchun and toward Kirin, Manchuria, have received qualified confirmation from English missionary refugees who have arrived at Newchwang.

The people say the Russo-Chinese bank has removed from Kirin to Kwangchengtsi, where commercial interests are seeking safety and defense.

This reported advance has produced consternation among the Europeans living in the line of march.

It is reported also that the Russian government bureau at Vladivostock has withdrawn to Khavarovsk.

Possiét Bay is in Russian Manchuria, about seventy-five miles southwest of Vladivostock. Hunchun is on the left bank of the Tumen river and about forty miles west of Possiet Bay. Kirin has a population of 100,000. It is a walled city and the capital of the province of Kirin, Manchuria. Kirin is some 200 miles west of Possiet Bay. Kwangchengtsi is about eighty miles west of Kirin.

Khavarovsk is about 400 miles north of Vladivostock, with which it is connected by railroad.

KEEP OPERATIONS SECRET.

Japanese Officials Give Out No News Regarding War Movements.

London, Feb. 26.—War correspondents and Europeans in Japan, commenting in amazement upon the success of Japanese officials in preserving secrecy regarding all the operations of war, declare this "conspiracy of silence" is not only confined to government and service circles, but that it extends to every section of the community. All classes of people are submitting with marvelous patience to being deprived of news, which they recognize as imperative to the success of the cause. It is undoubtedly in pursuance of this policy that no Japanese account of the Port Arthur attacks has yet been published and none is expected until Admiral Togo has completed his designs there.

In the meantime if the report from Yinkow of a Japanese landing near Vladivostock, which at present is based on missionary and native statements, should prove correct, a most important and new development in the Japanese operations will have been revealed, as it points to an attack on Vladivostock, from which Possiet Bay is only a little over seventy miles distant.

The report that the railroad has been cut between Harbin and Vladivostock may possibly be connected with these operations; but until more reliable information is forthcoming this

report must be received with reserve. It has already been reported from Tokio that certain Russian forces were concentrating at Possiet Bay.

No further news of an attack on Port Arthur after the engagement in which the Japanese attempted to sink vessels in such a manner as to block the harbor entrance has reached London. Almost all the English newspapers, in discussing Viceroy Alexieff's reports, incline to the belief that Admiral Togo succeeded insofar as to make the channel impassable for large battleships, even if it is still free to smaller craft, and presume that the reported second attack, if it did occur, was devoted to an attempt to sink further obstacles to navigation.

CONFIRMED BY ALEXIEFF.

Reported Repulse of Japanese at Port Arthur.

St. Petersburg, Feb. 26.—Following the dispatch from Major General Pflug, saying the Japanese had again attacked Port Arthur Thursday morning and been repulsed, Viceroy Alexieff has sent in an identical report to the czar.

The fact that the Japanese have renewed the attack is interpreted to mean that they are determined to bottle up or destroy the Russian fleet at Port Arthur in order to give themselves freedom for land maneuvers to cut off, or invest, the city, or as a feint to cover a movement elsewhere.

STARK EXPECTS THIRD ATTACK.

Second Attack Upon Port Arthur Repulsed Brilliantly.

Paris, Feb. 26.—In a dispatch from St. Petersburg a correspondent of the Echo de Paris says the reported second Japanese attack at Port Arthur was repulsed brilliantly. He says the Japanese were obliged to quit the roadstead. It is thought that the entire squadron joined in the second attack. The Japanese are thought to have incurred losses during this fight. Admiral Stark has telegraphed that he expects a third attack.

REMAINS UNSETTLED.

Question of Russian Gunboat Staying at Shanghai.

Tokio, Feb. 26.—The question of the stay of the Russian gunboat Mandjur at Shanghai remains unsettled. Paul Lessar, Russian minister to China, is said to be trying to intimidate the Chinese government in the matter, declaring emphatically that Japan has little chance of victory against a Russian army, 500,000 men strong.

The court at Peking is oscillating on this question. Russia is also pressing China to declare the neutrality of that portion of the empire which Russia already occupies.

The views expressed by Emperor William of Germany before and after the beginning of the war, which are characterized as broad and disinterested, have created a favorable impression and are tending to remove the prejudice which at one time existed against him in Japan.

BELITTLE SUCCESSES OF JAPS.

But Russians Puff Up Their Own Exploits.

Chefoo, Feb. 26.—Circulars from Russian sources have been printed in the Chinese language and distributed at Chefoo, belittling the successes of the Japanese and exaggerating those of the Russians. It is said on the authority of those close to the Chinese that at the first success of the Japanese army, the Chinese will join the Japanese with the hope of driving all foreigners out of China.

A Russian official report says that four Japanese battleships were sunk at Port Arthur in Wednesday's (Feb. 24) attack, but the report is not credited. The Japanese have only six battleships in these waters. Four of them were off Weihaiwei last Wednesday evening, and the remainder of the fleet is intact.

RUSSIAN ARMY IN KOREA.

Composition of Force That Will Oppose the Jap Advance.

St. Petersburg, Feb. 26.—According to information received by well informed military men, the Russian army which is intended to operate in Korea will consist of an advance vanguard of two regiments of Siberian sharpshooters, a vanguard of sixteen regiments of infantry, with ninety-six quick-firing guns, three batteries of mounted guns and a corresponding force of cavalry. The main body will consist of forty regiments, including Cossack cavalry, with 300 guns. It is added that no important military operations will be possible before the melting of the ice and that the present operations will be confined to necessary preparations.

OCCUPY TWO TOWNS.

Russian Forces Arrive at Yaoyangho and Lulichang.

Peking, Feb. 26.—The director general of Chinese railroads reports that 100 Russian infantrymen, an officer, a gun and a large supply of ammunition are at Yaoyangho and that 200 Russian cavalrymen and two guns have arrived at Lulichang. These towns are both on the west side of the Liao river.

The director general reports that the Manchurian railroad is guarded by detachments of Cossacks of thirty men each, who occupy high watch towers at intervals of a mile.

KUROPATKIN STARTS TALKING.

Says That No Japanese on the Mainland Will Ever Get Home.

Paris, Feb. 26.—The correspondent of the Echo de Paris at St. Petersburg says that General Kuropatkin has started for his home to take leave of his mother before going to the far East and he quotes the general as saying:

"This war may last eighteen months, but every arrangement has been made that no Japanese, after having landed, shall return to his country."

The czar has conferred on General Kuropatkin the diamond insignia of the Order of St. Alexander Nevski.

WILL ACCOMPANY THE ARMY.

Most Sacred Image in Russia Going to the Far East.

Moscow, Feb. 26.—The most sacred image in Russia has been sent to St. Petersburg and it will be taken later to the far East with the army.

This image is a representation of the Virgin appearing to Saint Sergius, and is always kept at the Troitzko monastery. It is about one foot square and is covered with precious stones. The image accompanied Alexis, Peter the Great and Alexander I. on all their campaigns.

RUSSIANS MASSACRE NATIVES.

Take Terrible Revenge for Attempted Wreck of Sungari Bridge.

London, Feb. 26.—In a cable dispatch from Shanghai, a correspondent of the Daily Mail reports the arrival of the Japanese cruisers Idsumo, Suma and Akitsushima.

The Tientsin correspondent of the Standard sends in a report from a native source that Russians have burned a large village near the Sungari river and massacred the inhabitants, including women, in revenge for an attempt to wreck the Sungari bridge.

REFUGEES MURDERED.

Japanese in Manchuria Maltreated by the Russians.

Peking, Feb. 26.—Private advices from Newchwang confirm the reports of the rough treatment of Japanese refugees at the hands of Russians while they were journeying through Manchuria and declare, moreover, that doubtless some of the refugees were murdered.

Russian soldiery at Newchwang is so undisciplined that the place is unfit for European women.

RUSSIAN BALTIC SQUADRON.

Will Sail for the Far East at the End of June.

St. Petersburg, Feb. 26.—It is now said that the Russian Baltic squadron, comprising eight battleships, two armored cruisers, three protected cruisers, two large transports and thirty torpedo boats, will leave for the Far East at the end of June.

TEN CHILDREN INJURED.

Explosion at a Sunday School Entertainment Causes a Panic.

Cincinnati, Feb. 26.—Ten children were severely burned and several were hurt last night by an explosion of salt and alcohol used to illustrate a ghost story, which Rev. Vernon Stauffer was telling at a Sunday school entertainment in Richmond street Christian church.

The Sunday school room was crowded for an entertainment given by the pastor. The evening had been set apart for the small boys and a crowd of girls gathered on the outside. The evening was spent by the children in playing games, after which the pastor was telling fairy tales. In order to make one story realistic the pastor provided a kettle which had salt in the bottom of it. On this salt the pastor poured alcohol, which was set afire as it descended to make the weird lights of a ghost story. While the boys were gathered around the weird fire, the girls opened a door to peep and caused a draught to strike the stream of alcohol. An explosion followed, transforming the scene of frivolity into one of panic. Seven boys were taken to hospitals.

WANT THE LIBERTY BELL.

Pennsylvania Commissioners Would Exhibit It at St. Louis.

Harrisburg, Pa., Feb. 26.—Against the earnest protest of Governor Pennypacker, the Pennsylvania commission to the St. Louis exposition, by a vote of 16 to 3, decided to request the municipal authorities of Philadelphia to adopt such measures as may be necessary to insure the exhibition of the Liberty Bell in the Pennsylvania state building during the exposition. Governor Pennypacker took the position that the bell was too sacred a relic to be taken from Independence Hall, where it is under constant police guard.

MRS. LEWIS RELEASED.

Acquitted of Charge of Poisoning Her Husband.

Sigourney, Ia., Feb. 26.—Mrs. Belle Lewis, who was charged with the murder of her husband by poison, was released from prison Thursday after a trial lasting nine days.

Lake Shore Limited Wrecked.

Toledo, O., Feb. 26.—Lake Shore limited, while running at a rate of sixty miles an hour, struck the engine of a freight train that had just started to pull onto the main track from a siding six miles west of Clinton. Both engines were disabled and passengers were thrown from their seats but no one was injured.

Diphtheria on the Monongahela.

San Juan, P. R., Feb. 26.—A case of diphtheria has occurred on board the United States training ship Monongahela. The entire crew has been ordered ashore and the ship will be disinfected. Twenty-two apprentices suffering from sore throats are under observation.

The Brainerd Lumber company carries a full line of sash, doors, windows and storm sash.

ANGRY AT AMERICANS

RUSSIANS ARE IRRITATED OVER

THE VICKSBURG INCIDENT AT CHEMULPO.

COUNTERMAND ALL ORDERS

MERCHANTS OF RUSSIA DECIDE TO BOYCOTT GOODS FROM UNITED STATES.

St. Petersburg, Feb. 26.—Irritation against the United States on account of the supposed unfriendly attitude of that country toward Russia seems to become daily more pronounced, caused by the Vicksburg incident at Chemulpo (when the commander of this gunboat is said to have refused to unite with the commanders of other foreign warships at Chemulpo to protest against the fight which resulted in the loss of Russian warships Koreitz and Variag) and the fact that the Vicksburg did not take on board survivors of the Russian ships. American merchants are becoming alarmed at the prospects of loss of Russian trade. Within the past few days, orders for American goods have been countermanded, the only explanation given being that the prospective purchasers did not desire to buy American goods under the present circumstances.

United States Consul General Watts has been appealed to in the case of an American firm which held a large contract for shoe supplies, the contract having been promptly countermanded.

Orders for a big amount of wood pulp have been countermanded, the intended purchaser saying he could not be expected to do business with America after the Vicksburg incident.

Mr. Watts has felt it to be his duty to write to the state department, pointing out the state of public feeling here and the great prospective damage to American trade unless measures were taken to allay the irritation.

Desire an Explanation.

Americans here believe that an official explanation of the Vicksburg incident would have an excellent effect. The government has not taken notice of the incident, being without direct advices from the far East on the subject.

In government circles, however, it is seen that Russian susceptibilities have been wounded and the fear is expressed that should Washington now disregard Russia and procure exequaturs from Peking for the newly appointed American consuls at Mukden and Antung and attempt to send those officials to their posts a really unpleasant incident might be created.

Russia does not want to be placed in the position of refusing to allow those consuls to enter on their duties, but with a state of war existing and commerce at a standstill military regulations are paramount and Russia might feel herself warranted in interpreting such a course on the part of the United States to be political rather than commercial.

The refusal of Russia to allow Mr. Morgan, the newly appointed American consul at Dally, to go to his post at present is based solely on the military situation, which may compel all foreigners to leave Dally.

The sincere hope is expressed that the United States will not embarrass Russia further by pressing the question of consular representation at this time.

WARM FRIEND OF RUSSIA.

Mikado's Men Take Dictator of Korea to Japan.

Seoul, Feb. 26.—Yi Yon Ik, who was formerly minister of war and practically the dictator of Korea and considered a friend of Russia, was taken by the Japanese when they entered Chemulpo and on the same night and put on board a warship which took him to Japan. He went on board in court dress.

Will Send Nurses to Japan.

Philadelphia, Feb. 26.—The Philadelphia branch of the Red Cross society, independent of the national society, will send ten nurses to Japan in charge of Dr. Anita H. McGee of Washington.

NEW HIGH MARK.

May Wheat Sells at \$1.09 at Chicago on War Prospects.

Chicago, Feb. 26.—Heavy purchases of wheat Thursday on the probability of the Russo-Japanese war being of long duration sent the price of wheat for May delivery up to \$1.09 a bushel. Compared with the previous night's close this figure showed a gain of 2 1/2 c and is a new high record mark for that delivery. The market closed with May up precisely 1 c, and July 2 c. May corn was a shade lower, oats 1/2 c higher and provisions 19 3/4 c higher. Higher prices in the English grain markets imparted strength to wheat at the opening and May started 1/4 c higher at \$1.07 1/4.

Rob a Grocery Store.

Hopkins, Minn., Feb. 26.—Two masked men, armed with revolvers, boldly walked into F. G. Campbell's grocery store here at 7 o'clock last night and while one covered the proprietor the other rifled the cash drawer, securing about \$35 and both escaped without leaving a clue.

NAVAL PROGRAMME.

House Discusses the Subject and the Fight is Not Yet Ended.

Washington, Feb. 26.—The building programme of the navy as contained in the pending naval appropriation bill was discussed in the house during the day and the fight is by no means over. The minority members of the naval committee, who under the leadership of Mr. Meyer of Louisiana, first gave their endorsement to the measure, are campaigning for a reduction in the number of ships to be authorized. The amendment to strike out the one battleship, made by Mr. Burton of Ohio, was defeated. The cruisers then were put to the test and enough friends for them were found for their retention. Construction of the ships in government yards proved to be a fruitful topic for discussion and an amendment by Mr. Bell of California, requiring one collier to be built in a government yard, was adopted.

A proposition for a preferential of 4 per cent in favor of bids from the Pacific coast was defeated after Mr. McDermott of New Jersey had delivered a humorous speech in which the shipbuilding trust and the state of New Jersey were put forward for the charitable consideration of the house.

SENATE PASSES TWO MEASURES.

Acts Favorably on Agricultural and Executive Appropriation Bills.

Washington, Feb. 26.—The senate Thursday passed both the agricultural and the executive, legislative and judicial appropriation bills. An amendment to the agricultural bill, suggested by Heyburn of Idaho, caused an animated discussion. It contemplated supervision of interstate commerce so as to prevent the transfer of plants or shrubs not properly marked from one state to another. The amendment started a debate on paternalism. It was ruled out on a point of order.

An agreement was reached between Senators Foraker and Blackburn to take up the question of the confirmation of General Leonard Wood Monday next and continue it until disposed of.

WALLACE H. HAM ARRESTED.

Charged With Larceny of Vast Sum at Boston.

Boston, Feb. 26.—Wallace H. Ham, manager of the Boston branch of the American Security company of New York, treasurer of St. Luke's Home for Convalescents, Roxbury, and until recently treasurer of St. Paul's Episcopal church in this city, was arrested Thursday charged with larceny of \$104,000 from the American Security company. He was arraigned and held by Judge Ely in \$50,000 for hearing March 3. In court George N. Berry, counsel for the security company, stated that although the warrant alleged the appropriation of \$104,000 he was ready to prove that as much as \$175,000 had been taken by Ham as manager of the security company.

Mr. Berry said that Ham also was responsible for a loss of from \$40,000 to \$50,000 in the hands of St. Luke's home. After Ham's arrest the American Security company issued a statement in which they claimed that the accounts of St. Paul's Episcopal church were involved in the general deficit but to what extent was not known.

IMPORTANT MEETING HELD.

Livestock Men and Packing Managers Talk Over Troubles.

Chicago, Feb. 26.—An important meeting was held between the committee representing the National Livestock association and the freight traffic managers of railway lines centering in Chicago. The meeting was exceedingly harmonious. During the discussion the traffic managers conceded that the livestock service during the past year had not been satisfactory and the representations made by the stockmen would be immediately taken up with the assurance that there would be a satisfactory adjustment. All transportation lines running West and South were represented.

Livestock men want freight rates readjusted, pass privileges restored and oppose the tonnage system.

ROBBERY AND FORGERY.

Charges Upon Which Minnesotan Is Placed Under Arrest.

Denver, Feb. 26.—Samuel A. Choate, a nephew of ex-Governor D. M. Clough of Minnesota, recently in the quartermaster department of the Colorado national guard, is in jail on charges of robbery and attempted forgery. Choate and his friends say the offenses charged against him are due to excessive drinking and not to any intention to defraud or rob. The robbery charge is brought by Mrs. Annie Tebbetts, and the attempted passing of a forged check is alleged by William Thompson of the Clifton bar. Mrs. Tebbetts asserts that Choate took her watch and money.

D. B. HILL AND BRYAN MEET.

Nebraskan Says That There Is No Politics in It.

New York, Feb. 26.—William Jennings Bryan, David B. Hill, Norman E. Mack of Buffalo, James M. Head of Tennessee and J. M. Guffey of Pennsylvania, latter three members of the national Democratic committee, met last night in a room in the Hoffman House. After they came out Mr. Bryan declared that "there is no politics in this at all."

Two Policemen Shot.

Muncie, Ind., Feb. 26.—In an encounter with three men last night Policemen Oscar Furr and Frank Krause were shot. Policeman Furr is believed to be fatally wounded. The assailants escaped.

TEN CHILDREN INJURED.

Explosion at a Sunday School Entertainment Causes a Panic.

Cincinnati, Feb. 25.—Ten children were severely burned and several were hurt last night by an explosion of salt and alcohol used to illustrate a ghost story, which Rev. Vernon Stauffer was telling at a Sunday school entertainment in Richmond street Christian church.

The Sunday school room was crowded for an entertainment given by the pastor. The evening had been set apart for the small boys and a crowd of girls gathered on the outside. The evening was spent by the children in playing games, after which the pastor was telling fairy tales. In order to make one story realistic the pastor provided a kettle which had salt in the bottom of it. On this salt the pastor poured alcohol, which gas set afire as it descended to make the weird lights of a ghost story. While the boys were gathered around the weird fire, the girls opened a door to peep and caused a draught to strike the stream of alcohol. An explosion followed, transforming the scene of frivolity into one of panic. Seven boys were taken to hospitals.

WANT THE LIBERTY BELL.

Pennsylvania Commissioners Would Exhibit It at St. Louis.

Harrisburg, Pa., Feb. 25.—Against the earnest protest of Governor Pennypacker, the Pennsylvania commission to the St. Louis exposition, by a vote of 16 to 3, decided to request the municipal authorities of Philadelphia to adopt such measures as may be necessary to insure the exhibition of the Liberty Bell in the Pennsylvania state building during the exposition. Governor Pennypacker took the position that the bell was too sacred a relic to be taken from Independence Hall, where it is under constant police guard.

MRS. LEWIS RELEASED.

Acquitted of Charge of Poisoning Her Husband.

Sigourney, Ia., Feb. 25.—Mrs. Belle Lewis, who was charged with the murder of her husband by poison, was released from prison Thursday after a trial lasting nine days.

Lake Shore Limited Wrecked.

Toledo, O., Feb. 25.—Lake Shore Limited, while running at a rate of sixty miles an hour, struck the engine of a freight train that had just started to pull onto the main track from a siding six miles west of Clinton. Both engines were disabled and passengers were thrown from their seats but no one was injured.

Diphtheria on the Monongahela.

San Juan, P. R., Feb. 25.—A case of diphtheria has occurred on board the United States training ship Monongahela. The entire crew has been ordered ashore and the ship will be disinfected. Twenty-two apprentices suffering from sore throats are under observation.

The Brainerd Lumber company carries a full line of sash, doors, windows and storm sash.

ANGRY AT AMERICANS

RUSSIANS ARE IRRITATED OVER THE VICKSBURG INCIDENT AT CHEMULPO.

COUNTERMAND ALL ORDERS

MERCHANTS OF RUSSIA DECIDE TO BOYCOTT GOODS FROM UNITED STATES.

St. Petersburg, Feb. 25.—Irritation against the United States on account of the supposed unfriendly attitude of that country toward Russia seems to become daily more pronounced, caused by the Vicksburg incident at Chemulpo (when the commander of this gunboat is said to have refused to unite with the commanders of other foreign warships at Chemulpo to protest against the fight which resulted in the loss of Russian warships Korietz and Variag) and the fact that the Vicksburg did not take on board survivors of the Russian ships. American merchants are becoming alarmed at the prospects of loss of Russian trade. Within the past few days, orders for American goods have been countermanded, the only explanation given being that the prospective purchasers did not desire to buy American goods under the present circumstances.

United States Consul General Watts has been appealed to in the case of an American firm which held a large contract for shoe supplies, the contract having been promptly countermanded.

Orders for a big amount of wood pulp have been countermanded, the intended purchaser saying he could not be expected to do business with America after the Vicksburg incident.

Mr. Watts has felt it to be his duty to write to the state department, pointing out the state of public feeling here and the great prospective damage to American trade unless measures were taken to allay the irritation.

Desire an Explanation. Americans here believe that an official explanation of the Vicksburg incident would have an excellent effect. The government has not taken notice of the incident, being without direct advices from the far East on the subject.

In government circles, however, it is seen that Russian susceptibilities have been wounded and the fear is expressed that should Washington now disregard Russia and procure exequaturs from Peking for the newly appointed American consuls at Mukden and Antung and attempt to send those officials to their posts a really unpleasant incident might be created.

Russia does not want to be placed in the position of refusing to allow those consuls to enter on their duties, but with a state of war existing and commerce at a standstill military regulations are paramount and Russia might feel herself warranted in interpreting such a course on the part of the United States to be political rather than commercial.

The refusal of Russia to allow Mr. Morgan, the newly appointed American consul at Dalay, to go to his post at present is based solely on the military situation, which may compel all foreigners to leave Dalay.

The sincere hope is expressed that the United States will not embarrass Russia further by pressing the question of consular representation at this time.

WARM FRIEND OF RUSSIA.

Mikado's Men Take Dictator of Korea to Japan.

Seoul, Feb. 25.—Yi Yon Ik, who was formerly minister of war and practically the dictator of Korea and considered a friend of Russia, was taken by the Japanese when they entered Chemulpo and on the same night and put on board a warship which took him to Japan. He went on board in court dress.

Will Send Nurses to Japan.

Philadelphia, Feb. 25.—The Philadelphia branch of the Red Cross society, independent of the national society, will send ten nurses to Japan in charge of Dr. Anita H. McGee of Washington.

NEW HIGH MARK.

May Wheat Sells at \$1.09 at Chicago on War Prospects.

Chicago, Feb. 25.—Heavy purchases of wheat Thursday on the probability of the Russo-Japanese war being of long duration sent the price of wheat for May delivery up to \$1.09 a bushel. Compared with the previous night's close this figure showed a gain of 2 1/2 cents and is a new high record mark for that delivery. The market closed with May up precisely 1c, and July 2c. May corn was a shade lower, oats 1/2c higher and provisions 10@22 1/2c higher. Higher prices in the English grain markets imparted strength to wheat at the opening and May started 1/4@1c higher at \$1.07@1.07 1/2.

Rob a Grocery Store.

Hopkins, Minn., Feb. 25.—Two masked men, armed with revolvers, boldly walked into F. C. Campbell's grocery store here at 7 o'clock last night and while one covered the proprietor the other rifled the cash drawer, securing about \$35 and both escaped without leaving a clue.

NAVAL PROGRAMME.

House Discusses the Subject and the Fight is Not Yet Ended.

Washington, Feb. 25.—The building programme of the navy as contained in the pending naval appropriation bill was discussed in the house during the day and the fight is by no means over. The minority members of the naval committee, who under the leadership of Mr. Meyer of Louisiana, first gave their endorsement to the measure, are campaigning for a reduction in the number of ships to be authorized. The amendment to strike out the one battleship, made by Mr. Burton of Ohio, was defeated. The cruisers then were put to the test and enough friends for them were found for their retention. Construction of the ships in government yards proved to be a fruitful topic for discussion and an amendment by Mr. Bell of California, requiring one collier to be built in a government yard, was adopted.

A proposition for a preferential of 4 per cent in favor of bids from the Pacific coast was defeated after Mr. McDermott of New Jersey had delivered a humorous speech in which the shipbuilding trust and the state of New Jersey were put forward for the charitable consideration of the house.

SENATE PASSES TWO MEASURES.

Acts Favorably on Agricultural and Executive Appropriation Bills.

Washington, Feb. 25.—The senate Thursday passed both the agricultural and the executive, legislative and judicial appropriation bills. An amendment to the agricultural bill, suggested by Heyburn of Idaho, caused an animated discussion. It contemplated supervision of interstate commerce so as to prevent the transfer of plants or shrubs not properly marked from one state to another. The amendment started a debate on paternalism. It was ruled out on a point of order.

An agreement was reached between Senators Foraker and Blackburn to take up the question of the confirmation of General Leonard Wood Monday next and continue it until disposed of.

WALLACE H. HAM ARRESTED.

Charged With Larceny of Vast Sum at Boston.

Boston, Feb. 25.—Wallace H. Ham, manager of the Boston branch of the American Security company of New York, treasurer of St. Luke's Home for Convalescents, Roxbury, and until recently treasurer of St. Paul's Episcopal church in this city, was arrested Thursday charged with larceny of \$104,000 from the American Security company. He was arraigned and held by Judge Ely in \$50,000 for hearing March 3. In court George N. Berry, counsel for the surety company, stated that although the warrant alleged the appropriation of \$104,000 he was ready to prove that as much as \$175,000 had been taken by Ham as manager of the surety company.

Mr. Berry said that Ham also was responsible for a loss of from \$40,000 to \$50,000 in the hands of St. Luke's home. After Ham's arrest the American Security company issued a statement in which they claimed that the accounts of St. Paul's Episcopal church were involved in the general deficit but to what extent was not known.

IMPORTANT MEETING HELD.

Livestock Men and Packing Managers Talk Over Troubles.

Chicago, Feb. 25.—An important meeting was held between the committee representing the National Livestock association and the freight traffic managers of railway lines centering in Chicago. The meeting was exceedingly harmonious. During the discussion the livestock service during the past year had not been satisfactory and the representations made by the stockmen would be immediately taken up with the assurance that there would be a satisfactory adjustment. All transportation lines running West and South were represented.

Livestock men want freight rates readjusted, pass privileges restored and oppose the tonnage system.

ROBBERY AND FORGERY.

Charges Upon Which Minnesota Is Placed Under Arrest.

Denver, Feb. 25.—Samuel A. Choate, a nephew of ex-Governor D. M. Clough of Minnesota, recently in the quartermaster department of the Colorado national guard, is in jail on charges of robbery and attempted forgery.

Choate and his friends say the offenses charged against him are due to excessive drinking and not to any intention to defraud or rob. The robbery charge is brought by Mrs. Annie Tebbetts, and the attempted passing of a forged check is alleged by William Thompson of the Clifton bar. Mrs. Tebbetts asserts that Choate took her watch and money.

D. B. HILL AND BRYAN MEET.

Nebraskan Says That There is No Politics in It.

New York, Feb. 25.—William Jennings Bryan, David B. Hill, Norman E. Mack of Buffalo, James M. Head of Tennessee and J. M. Guffey of Pennsylvania, latter three members of the national Democratic committee, met last night in a room in the Hoffman House. After they came out Mr. Bryan declared that "there is no politics in this at all."

Two Policemen Shot.

Muncie, Ind., Feb. 25.—In an encounter with three men last night Policemen Oscar Furr and Frank Krause were shot. Policeman Furr is believed to be fatally wounded. The assailants escaped.

Difficult Horseback Feat.

There are no better horsemen in the world than the cavalry officers of the Italian army, yet even among them there are very few who could perform the feat recently achieved by one of them.

To run an ordinary foot race is easy enough, but to run at full speed for several hundred yards holding in one hand a spoon on which rests an egg and to reach the goal without dropping the egg is a feat which must be practiced carefully a long time before it can be performed successfully, and as a result there are not many who can be sure of accomplishing it whenever they try. Great, therefore, was the surprise when an Italian officer mounted on horseback performed this difficult feat. Moreover, he selected a course in which there were two or three high fences, and these he cleared at full gallop without losing the egg.

Florida and California

Offer the most varied and best attractions for the Winter Tourist. Thousands of people go every year from the Northwest. Many use the

Chicago, Milwaukee & St. Paul,
Railway

because of its excellent service. The Pioneer Limited, Famous Train of the World to Chicago, makes through connections for the south—New Orleans and Florida points. Through tourist sleeper every Tuesday morning via "The Sunshine Route" to California. Full particulars on application to

JAPS BEGIN ADVANCE UPON VLADIVOSTOCK

LAND AT POSSIET BAY AND UNDERTAKE OPERATIONS IN DIRECTION OF KIRIN.

RAILROAD TO HARBIN IS CUT

ANOTHER MOVE IN CAMPAIGN OF THE JAPANESE AGAINST THREATENED PORT.

EXPECTS THE THIRD ATTACK

ADMIRAL STARK BELIEVES JAPS WILL AGAIN OFFER BATTLE AT PORT ARTHUR.

Yinkow, Feb. 26.—Native reports that the Japanese landed at Possiet Bay, about seventy-five miles southwest of Vladivostock, and subsequently undertook operations against Hunchun and toward Kirin, Manchuria, have received qualified confirmation from English missionary refugees who have arrived at Newchwang.

The people say the Russo-Chinese bank has removed from Kirin to Kwangchengtsi, where commercial interests are seeking safety and defense.

This reported advance has produced consternation among the Europeans living in the line of march.

It is reported also that the Russian government bureau at Vladivostock has withdrawn to Khavarsovsk.

Possiet Bay is in Russian Manchuria, about seventy-five miles southwest of Vladivostock. Hunchun is on the left bank of the Tumen river and about forty miles west of Possiet Bay. Kirin has a population of 100,000. It is a walled city and the capital of the province of Kirin, Manchuria. Kirin is some 200 miles west of Possiet Bay. Kwangchengtsi is about eighty miles west of Kirin.

Khavarsovsk is about 400 miles north of Vladivostock, with which it is connected by railroad.

KEEP OPERATIONS SECRET.

Japanese Officials Give Out No News Regarding War Movements.

London, Feb. 26.—War correspondents and Europeans in Japan, commenting in amazement upon the success of Japanese officials in preserving secrecy regarding all the operations of war, declare this "conspiracy of silence" is not only confined to government and service circles, but that it extends to every section of the community. All classes of people are submitting with marvelous patience to being deprived of news, which they recognize as imperative to the success of the cause. It is undoubtedly in pursuance of this policy that no Japanese account of the Port Arthur attacks has yet been published and none is expected until Admiral Togo has completed his designs there.

In the meantime if the report from Yinkow of a Japanese landing near Vladivostock, which at present is based on missionary and native statements, should prove correct, a most important and new development.

In the Japanese operations will have been revealed as it points to an attack on Vladivostock, from which Possiet Bay is only a little over seventy miles distant.

The report that the railroad has been cut between Harbin and Vladivostock may possibly be connected with these operations; but until more reliable information is forthcoming this

report must be received with reserve. It has already been reported from Tokio that certain Russian forces were concentrating at Possiet Bay.

No further news of an attack on Port Arthur after the engagement in which the Japanese attempted to sink vessels in such a manner as to block the harbor entrance has reached London. Almost all the English newspapers, in discussing Viceroy Alexieff's reports, incline to the belief that Admiral Togo succeeded insofar as to make the channel impassable for large battleships, even if it is still free to smaller craft, and presume that the reported second attack, if it did occur, was devoted to an attempt to sink further obstacles to navigation.

CONFIRMED BY ALEXIEFF.

Reported Repulse of Japanese at Port Arthur.

St. Petersburg, Feb. 26.—Following the dispatch from Major General Pliginsk, saying the Japanese had again attacked Port Arthur Thursday morning and been repulsed, Viceroy Alexieff has sent in an identical report to the czar.

The fact that the Japanese have renewed the attack is interpreted to mean that they are determined to bottle up or destroy the Russian fleet at Port Arthur in order to give themselves freedom for land maneuvers to cut off, or invest, the city, or as a feint to cover a movement elsewhere.

STARK EXPECTS THIRD ATTACK.

Second Attack Upon Port Arthur Repulsed Brilliantly.

Paris, Feb. 26.—In a dispatch from St. Petersburg a correspondent of the Echo de Paris says the reported second Japanese attack at Port Arthur was repulsed brilliantly. He says the Japanese were obliged to quit the roadstead. It is thought that the entire squadron joined in the second attack. The Japanese are thought to have incurred losses during this fight. Admiral Stark has telegraphed that he expects a third attack.

REMAINS UNSETTLED.

Question of Russian Gunboat Staying at Shanghai.

Tokio, Feb. 26.—The question of the stay of the Russian gunboat Mandjur at Shanghai remains unsettled. Paul Lessar, Russian minister to China, is said to be trying to intimidate the Chinese government in the matter, declaring emphatically that Japan has little chance of victory against a Russian army, 500,000 men strong.

The court at Peking is oscillating on this question. Russia is also pressing China to declare the neutrality of that portion of the empire which Russia already occupies.

The views expressed by Emperor William of Germany before and after the beginning of the war, which are characterized as broad and disinterested, have created a favorable impression and are tending to remove the prejudice which at one time existed against him in Japan.

BELITTLE SUCCESSES OF JAPS.

But Russians Puff Up Their Own Exploits.

Chefoo, Feb. 26.—Circulars from Russian sources have been printed in the Chinese language and distributed at Chefoo, belittling the successes of the Japanese and exaggerating those of the Russians. It is said on the authority of those close to the Chinese that at the first success of the Japanese army, the Chinese will join the Japanese with the hope of driving all foreigners out of China.

A Russian official report says that four Japanese battleships were sunk at Port Arthur in Wednesday's (Feb. 24) attack, but the report is not credited. The Japanese have only six battleships in these waters. Four of them were off Weihaiwei last Wednesday evening, and the remainder of the fleet is intact.

RUSSIAN ARMY IN KOREA.

Composition of Force That Will Oppose the Jap Advance.

St. Petersburg, Feb. 26.—According to information received by well informed military men, the Russian army which is intended to operate in Korea will consist of an advance vanguard of two regiments of Siberian sharpshooters, a vanguard of sixteen regiments of infantry, with ninety-six quick-firing guns, three batteries of mounted guns and a corresponding force of cavalry. The main body will consist of forty regiments, including Cossack cavalry, with 300 guns. It is added that no important military operations will be possible before the melting of the ice and that the present operations will be confined to necessary preparations.

OCCUPY TWO TOWNS.

Russian Forces Arrive at Yaoyangho and Luichang.

Peking, Feb. 26.—The director general of Chinese railroads reports that 100 Russian infantrymen, an officer, a gun and a large supply of ammunition are at Yaoyangho and that 200 Russian cavalrymen and two guns have arrived at Luichang. These towns are both on the west side of the Liao river.

The director general reports that the Manchurian railroad is guarded by detachments of Cossacks of thirty men each, who occupy high watch towers at intervals of a mile.

KUROPATKIN STARTS TALKING.

Says That No Japanese on the Mainland Will Ever Get Home.

Paris, Feb. 26.—The correspondent of the Echo de Paris at St. Petersburg says that General Kuropatkin has started for his home to take leave of his mother before going to the far East and he quotes the general as saying:

"This war may last eighteen months, but every arrangement has been made that no Japanese, after having landed, shall return to his country."

The czar has conferred on General Kuropatkin the diamond insignia of the Order of St. Alexander Nevski.

WILL ACCOMPANY THE ARMY.

Most Sacred Image in Russia Going to the Far East.

Moscow, Feb. 26.—The most sacred image in Russia has been sent to St. Petersburg and it will be taken later to the far East with the army.

This image is a representation of the Virgin appearing to Saint Sergius, and is always kept at the Troitzko monastery. It is about one foot square and is covered with precious stones. The image accompanied Alexis, Peter the Great and Alexander I. on all their campaigns.

RUSSIANS MASSACRE NATIVES.

Take Terrible Revenge for Attempted Wreck of Sungari Bridge.

London, Feb. 26.—In a cable dispatch from Shanghai, a correspondent of the Daily Mail reports the arrival of the Japanese cruisers Idsumo, Suma and Akitsushima.

The Tientsin correspondent of the Standard sends in a report from a native source that Russians have burned a large village near the Sungari river and massacred the inhabitants, including women, in revenge for an attempt to wreck the Sungari bridge.

REFUGEES MURDERED.

Japanese in Manchuria Maltreated by the Russians.

Peking, Feb. 26.—Private advices from Newchwang confirm the reports of the rough treatment of Japanese refugees at the hands of Russians while they were journeying through Manchuria and declare, moreover, that doubtless some of the refugees were murdered.

Russian soldiery at Newchwang is so undisciplined that the place is unfit for European women.

RUSSIAN BALTIC SQUADRON.

Will Sail for the Far East at the End of June.

St. Petersburg, Feb. 26.—It is now said that the Russian Baltic squadron, comprising eight battleships, two armored cruisers, three protected cruisers, two large transports and thirty torpedo boats, will leave for the Far East at the end of June.

TEN CHILDREN INJURED.

Explosion at a Sunday School Entertainment Causes a Panic.

Cincinnati, Feb. 26.—Ten children were severely burned and several were hurt last night by an explosion of salt and alcohol used to illustrate a ghost story, which Rev. Vernon Stauffer was telling at a Sunday school entertainment in Richmond street Christian church.

The Sunday school room was crowded for an entertainment given by the pastor. The evening had been set apart for the small boys and a crowd of girls gathered on the outside. The evening was spent by the children in playing games, after which the pastor was telling fairy tales. In order to make one story realistic the pastor provided a kettle which had salt in the bottom of it. On this salt the pastor poured alcohol, which gas set afire as it descended to make the weird lights of a ghost story. While the boys were gathered around the weird fire, the girls opened a door to peep and caused a draught to strike the stream of alcohol. An explosion followed, transforming the scene of frivolity into one of panic. Seven boys were taken to hospitals.

WANT THE LIBERTY BELL.

Pennsylvania Commissioners Would Exhibit it at St. Louis.

Harrisburg, Pa., Feb. 26.—Against the earnest protest of Governor Pennypacker, the Pennsylvania commission to the St. Louis exposition, by a vote of 16 to 3, decided to request the municipal authorities of Philadelphia to adopt such measures as may be necessary to insure the exhibition of the Liberty Bell in the Pennsylvania state building during the exposition. Governor Pennypacker took the position that the bell was too sacred a relic to be taken from Independence Hall, where it is under constant police guard.

MRS. LEWIS RELEASED.

Acquitted of Charge of Poisoning Her Husband.

Sigourney, Ia., Feb. 26.—Mrs. Belle Lewis, who was charged with the murder of her husband by poison, was released from prison Thursday after a trial lasting nine days.

Lake Shore Limited Wrecked.

Toledo, O., Feb. 26.—Lake Shore Limited, while running at a rate of sixty miles an hour, struck the engine of a freight train that had just started to pull onto the main track from a siding six miles west of Clinton. Both engines were disabled and passengers were thrown from their seats but no one was injured.

Diphtheria on the Monongahela.

San Juan, P. R., Feb. 26.—A case of diphtheria has occurred on board the United States training ship Monongahela. The entire crew has been ordered ashore and the ship will be disinfected. Twenty-two apprentices suffering from sore throats are under observation.

The Brainerd Lumber company carries a full line of sash, doors, windows and storm sash.

ANGRY AT AMERICANS

RUSSIANS ARE IRRITATED OVER

THE VICKSBURG INCIDENT AT CHEMULPO.

COUNTERMAND ALL ORDERS

MERCHANTS OF RUSSIA DECIDE TO BOYCOTT GOODS FROM UNITED STATES.

St. Petersburg, Feb. 26.—Irritation against the United States on account of the supposed unfriendly attitude of that country toward Russia seems to become daily more pronounced, caused by the Vicksburg incident at Chemulpo (when the commander of this gunboat is said to have refused to unite with the commanders of other foreign warships at Chemulpo to protest against the fight which resulted in the loss of Russian warships Koreitz and Variag) and the fact that the Vicksburg did not take on board survivors of the Russian ships. American merchants are becoming alarmed at the prospects of loss of Russian trade. Within the past few days, orders for American goods have been countermanded, the only explanation given being that the prospective purchasers did not desire to buy American goods under the present circumstances.

United States Consul General Watts has been appealed to in the case of an American firm which held a large contract for shoe supplies, the contract having been promptly countermanded.

Orders for a big amount of wood pulp have been countermanded, the intended purchaser saying he could not be expected to do business with America after the Vicksburg incident.

Mr. Watts has felt it to be his duty to write to the state department, pointing out the state of public feeling here and the great prospective damage to American trade unless measures were taken to allay the irritation.

Desire an Explanation.

Americans here believe that an official explanation of the Vicksburg incident would have an excellent effect. The government has not taken notice of the incident, being without direct advices from the far East on the subject.

In government circles, however, it is seen that Russian susceptibilities have been wounded and the fear is expressed that should Washington now disregard Russia and procure exequaturs from Peking for the newly appointed American consuls at Mukden and Antung and attempt to send those officials to their posts a really unpleasant incident might be created.

Russia does not want to be placed in the position of refusing to allow those consuls to enter on their duties, but with a state of war existing and commerce at a standstill military regulations are paramount and Russia might feel herself warranted in interpreting such a course on the part of the United States to be political rather than commercial.

The refusal of Russia to allow Mr. Morgan, the newly appointed American consul at Dalny, to go to his post at present is based solely on the military situation, which may compel all foreigners to leave Dalny.

The sincere hope is expressed that the United States will not embarrass Russia further by pressing the question of consular representation at this time.

WARM FRIEND OF RUSSIA.

Mikado's Men Take Dictator of Korea to Japan.

Seoul, Feb. 26.—Yi Yon Ik, who was formerly minister of war and practically the dictator of Korea, was taken by the Japanese when they entered Chemulpo and on the same night and put on board a warship which took him to Japan. He went on board in court dress.

Will Send Nurses to Japan.

Philadelphia, Feb. 26.—The Philadelphia branch of the Red Cross society, independent of the national society, will send ten nurses to Japan in charge of Dr. Anita H. McGee of Washington.

NEW HIGH MARK.

May Wheat Sells at \$1.09 at Chicago on War Prospects.

Chicago, Feb. 26.—Heavy purchases of wheat Thursday on the probability of the Russo-Japanese war being of long duration sent the price of wheat for May delivery up to \$1.09 a bushel. Compared with the previous night's close this figure showed a gain of 2½¢ and is a new high record mark for that delivery. The market closed with May up precisely 1¢, and July 2¢. May corn was a shade lower, oats ¼¢ higher and provisions 10¢ to 12½¢ higher. Higher prices in the English grain markets imparted strength to wheat at the opening and May started ¼¢ to 1¢ higher at \$1.07 to \$1.07½.

Rob a Grocery Store.

Hopkins, Minn., Feb. 26.—Two masked men, armed with revolvers, boldly walked into F. C. Campbell's grocery store here at 7 o'clock last night and while one covered the proprietor the other rifled the cash drawer, securing about \$35 and both escaped without leaving a clue.

NAVAL PROGRAMME.

House Discusses the Subject and the Fight is Not Yet Ended.

Washington, Feb. 26.—The building programme of the navy as contained in the pending naval appropriation bill was discussed in the house during the day and the fight is by no means over. The minority members of the naval committee, who under the leadership of Mr. Meyer of Louisiana, first gave their endorsement to the measure, are campaigning for a reduction in the number of ships to be authorized. The amendment to strike out the one battleship, made by Mr. Burton of Ohio, was defeated. The cruisers then were put to the test and enough friends for them were found for their retention. Construction of the ships in government yards proved to be a fruitful topic for discussion and an amendment by Mr. Bell of California, requiring one collier to be built in a government yard, was adopted.

A proposition for a preferential of 4 per cent in favor of bids from the Pacific coast was defeated after Mr. McDermott of New Jersey had delivered a humorous speech in which the shipbuilding trust and the state of New Jersey were put forward for the charitable consideration of the house.

SENATE PASSES TWO MEASURES.

Acts Favorably on Agricultural and Executive Appropriation Bills.

Washington, Feb. 26.—The senate Thursday passed both the agricultural and the executive, legislative and judicial appropriation bills. An amendment to the agricultural bill, suggested by Heyburn of Idaho, caused an animated discussion. It contemplated supervision of interstate commerce so as to prevent the transfer of plants or shrubs not properly marked from one state to another. The amendment started a debate on paternalism. It was ruled out on a point of order.

An agreement was reached between Senators Foraker and Blackburn to take up the question of the confirmation of General Leonard Wood Monday next and continue it until disposed of.

WALLACE H. HAM ARRESTED.

Charged With Larceny of Vast Sum at Boston.

Boston, Feb. 26.—Wallace H. Ham, manager of the Boston branch of the American Security company of New York, treasurer of St. Luke's Home for Convalescents, Roxbury, and until recently treasurer of St. Paul's Episcopal church in this city, was arrested Thursday charged with larceny of \$104,000 from the American Security company. He was arraigned and held by Judge Ely in \$50,000 for hearing March 3. In court George N. Berry, counsel for the surety company, stated that although the warrant alleged the appropriation of \$104,000 he was ready to prove that as much as \$175,000 had been taken by Ham as manager of the surety company.

Mr. Berry said that Ham also was responsible for a loss of \$40,000 to \$50,000 in the hands of St. Luke's home. After Ham's arrest the American Security company issued a statement in which they claimed that the accounts of St. Paul's Episcopal church were involved in the general deficit but to what extent was not known.

IMPORTANT MEETING HELD.

Livestock Men and Packing Managers Talk Over Troubles.

Chicago, Feb. 26.—An important meeting was held between the committee representing the National Livestock association and the freight traffic managers of railway lines centering in Chicago. The meeting was exceedingly harmonious. During the discussion the traffic managers conceded that the livestock service during the past year had not been satisfactory and the representations made by the stockmen would be immediately taken up with the assurance that there would be a satisfactory adjustment. All transportation lines running West and South were represented.

Livestock men want freight rates readjusted, pass privileges restored and oppose the tonnage system.

ROBBERY AND FORGERY.

Charges Upon Which Minnesotan Is Placed Under Arrest.

Denver, Feb. 26.—Samuel A. Choate, a nephew of ex-Governor D. M. Clough of Minnesota, recently in the quarter master department of the Colorado national guard, is in jail on charges of robbery and attempted forgery.

Choate and his friends say the offenses charged against him are due to excessive drinking and not to any intention to defraud or rob. The robbery charge is brought by Mrs. Annie Tebbetts, and the attempted passing of a forged check is alleged by William Thompson of the Clifton bar. Mrs. Tebbetts asserts that Choate took her watch and money.

D. B. HILL AND BRYAN MEET.

Nebraskan Says That There is No Politics in It.

New York, Feb. 26.—William Jennings Bryan, David B. Hill, Norman E. Mack of Buffalo, James M. Head of Tennessee and J. M. Guffey of Pennsylvania, latter three members of the national Democratic committee, met last night in a room in the Hoffman House. After they came out Mr. Bryan declared that "there is no politics in this at all."

Two Policemen Shot.

Muncie, Ind., Feb. 26.—In an encounter with three men last night Policemen Oscar Furr and Frank Krause were shot. Policeman Furr is believed to be fatally wounded. The assailants escaped.

The Ambulance will be at Depot and Call at Residences for patrons when requested.

LOGGING CASE ON.

Case of Stitt & Howe vs Rat Portage Logging Company Being Heard

Here Again.

Judge McClenahan is hearing the case of Stitt & Howe vs the Rat Portage Logging company today at the court house. The testimony is all in and some able arguments are being made, there being some exceptional talent in this case. This morning the time was spent hearing the arguments of R. B. Riggs, of Duluth. The other attorneys for the defendant company are Victor Welsh, of Minneapolis and Attorney C. C. McCarthy, of Grand Rapids. H. B. Fryberger, of Duluth, appears for Stitt & Howe.

H. P. DUNN'S CONFIDENCE IN HYOMEI.

Not a Penny Need Be Paid Unless It Cures You of Catarrh.

"Use Hyomei and be cured of catarrh," says H. P. Dunn & Co. When a responsible business house like this comes out and advertises that Hyomei will not cost a penny unless it does all that is claimed for it, it shows what remarkable confidence they have in this scientific medical treatment.

A complete Hyomei outfit consists of a neat inhaler, that can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomei, and costs but \$1. The inhaler lasts a lifetime and when extra bottles of Hyomei are needed, they can be obtained for 50c.

This treatment does away with all disagreeable and dangerous stomach dosing. Breathed through the Hyomei inhaler for a few minutes four times a day, it impregnates every particle of air taken into the air passages and lungs with germ killing and health giving balsams. In this way it cures the most chronic and deep-seated catarrhal diseases of the air passages and respiratory organs.

The user is the sole judge whether Hyomei is to be paid for or not. If it does not help H. P. Dunn & Co., will cheerfully return the money and it will not cost you a penny.

Store your stoves and household goods with D. M. Clark & Co. 225tf

Typhoid fever can be cured in 3 minutes by the Chiropactic method as practiced by E. W. Lynch. Office in the Columbian block. Examination and consultation free. 22415

MUST BELIEVE IT.

When Well Known Brainerd People Tell it so Plainly.

When public endorsement is made by a representative citizen of Brainerd the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man woman or child with any kidney trouble will find profit in the reading.

Mrs. M. G. Blake of West Brainerd, says: "I suffered a great deal from inflammation of the kidneys and I grew worse in place of better. My back in the region of the kidneys was sore, lame and hurt me very much, an aching pain being ever present. The kidney secretions were dark in color and on standing deposited much sediment. When Doan's Kidney Pills were advertised I sent my son for a box. I was a little afraid I would not be able to use them for I cannot take some kinds of medicine. I found, however, that they were mild in their operation and did not produce any bad effects. Before taking them very long the kidney secretions became healthy in color, all deposit was removed and the soreness and pain were replaced by a perfectly comfortable feeling."

Sold for 50 cents, at H. P. Dunn & Co., and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

BAD MAN OFF

RESERVATION

Taken to Duluth this Afternoon by Deputy United States Marshal Tufts.

HE TRIED TO KILL HIS WIFE

Another Man Taken for Selling Liquor on the Reservation to the Indians.

Deputy United States Marshal Tufts passed through the city this noon with two bad, bold men from the Leech Lake Indian reservation.

William Lyons, a half-breed, a few days ago threatened to kill his wife and did pound her most brutally and he will be given a hearing on the charge of assault with intent to kill.

The other man is Oscar Hargrave, who was caught selling liquor on the reservation. He is a bad man, and before he was captured nearly overpowered five Indian policemen. He had been ordered off the reservation twice by Agent Scott.

CUT OUT THIS COUPON.

Take it to H. P. Dunn & Co. and Get a Fifty-cent Box of Mi-o-na, the Flesh Forming Food, on Approval.

Cut out the following coupon to-day and get a month's treatment of Mi-o-na, the remarkable flesh forming food, on approval, from H. P. Dunn. Unless it increases your weight appreciably and cures your digestive troubles, there will be absolutely nothing to pay.

COUPON.

This coupon entitles any reader of the Dispatch to have the purchase price of Miona refunded in case it does not increase the weight and cure stomach troubles. We assume all the risk, and Mi-o-na is absolutely free unless it gives satisfaction.

H. P. DUNN & Co.
WE TAKE ALL RISK.

When you get a box of Mi-o-na, deposit 50 cents with H. P. Dunn & Co. as an evidence of good faith. They will give you a signed receipt agreeing to refund the money in accordance with the coupon offer, if Miona fails to increase weight and cure stomach troubles. All the risk is theirs. If Mi-o-na succeeds, as they are reasonably sure it will, or they could not afford to make an offer like this, the cost is trifling. Cut out the coupon to-day and take advantage of this offer.

Notice.

To contractors and builders: Apply to J. M. Elder for stone for building purposes. 220tf

Hundreds of lives saved every year by having Dr. Thomas' Electric oil in the house just when it is needed. Cures croup, heals burns, cuts, wounds of every sort.

CROW WING ITEMS.

J. Hogan, of Brainerd, was a caller at Mr. Porter's one day this week on business.

Miss Zuick, of Brainerd, is visiting at the home of Mr. and Mrs. Sam Clay.

Frank Leinbach is expected home from Egan, S. D., where he went to attend the wedding of his son, Roy Leinbach.

Mr. and Mrs. Levi Bailey have returned from Duluth where they have been visiting their son, Jesse. They report him as improving.

Mr. and Mrs. Burrall entertained a few of their young friends Monday. The afternoon was spent in playing games, and prizes were offered on puzzles of songs. Miss Melvina Porter received first prize and Miss Rozina Bailey the booby prize. Light refreshments were served and a pleasant time was had by all.

FLAK NEWS.

Miss Susie Shew returned to Brainerd Friday.

William Flint and father were callers at Flak last week.

J. L. Rickles and family visited at J. E. Roderick's Sunday.

Lewis Albert expects to start his saw mill up again this week.

Mae Swisher spent Saturday and Sunday with Fannie Roderick.

Mr. and Mrs. L. H. Davis, of Brainerd, spent Sunday at M. F. Driver's.

Mr. and Mrs. J. E. Roderick spent the evening with Mr. and Mrs. Dye on Saturday last.

Mrs. John Roderick, who has been making her father, Jacob Shew, a visit, returned home Sunday.

The Roderick Bros. steam wood saw and feed grinder seems to be a rather dangerous invention as Albert received a crushed toe and Orville a wound on the forehead.

Following almost in the wake of a fire when Brainerd sustained the loss of the Arlington hotel and \$50,000 worth of property went up in smoke, the city has again been subjected to the terrible ordeal, for last night she was within the clutches of the fiery demon and over \$100,000 worth of property in the heart of the city was leveled to the ground and the scene this morning was that of devastation and ruin.

The fire started in the rear of the L. M. Koop dry goods store and before it could be checked the entire Koop block and the Grandelmyer building were leveled to the ground, the various tenants losing heavily, those sustaining losses being L. Hohman, L. M. Koop, Linnemann Bros., J. H. Welliver, Z. E. McCullough, Frank Ady, Mrs. C. Grandelmyer, L. J. Cale, Johnson's Pharmacy and W. T. Larabee. Some of these occupied rooms upstairs in the Koop block and sustained the loss of a large amount of household goods.

FIRST REPORT OF FIRE.

It was shortly after 8 o'clock that fire was scented for the first time in the Koop building, one of the first to perceive the smoke issuing from the front of the building being J. H. Welliver, who had just closed his barbershop and was ready to go home. The smoke was then coming out of the front door and the front windows, but not in any great volume, and at that time it was thought that it would be but a small matter to put the fire out.

Mr. Welliver at once turned in the alarm, but he had not dreamed of the start the fire had made to the rear of the building where it evidently originated. For a few moments before the alarm was turned in massive flames were piercing the air and they seemed to roll out of the rear end of the building in torrents.

Shortly after the fire started two or three small explosions were heard to the rear of the Koop building, which were followed by large gushes of smoke and fire from the windows and it was then easy to be seen that no human effort could ever save the building. The Koop building was a two-story frame structure and was one of the oldest in the city, and the flames made rapid headway among the old dry timbers.

ADJOINING BUILDINGS IN DANGER.

The Grandelmyer building, located just west of the Koop block, was also a frame structure two stories high and it was evident from the start that this building was also doomed. The work of saving many of Mrs. Grandelmyer's personal effects was commenced at once, but the building was soon a mass of flames and it took but a short time to reduce it to ashes. Very little of the stock was saved.

SLEEPER BLOCK IN PERIL.

For a time it was confidently thought that the Sleeper block, which adjoined the Grandelmyer building to the west, would go, but the material that the block was built of saved it. There is a solid brick wall on the east side of the building and the windows are all provided with iron shutters, so the building was virtually fire proof, so far as the windows were concerned, but the fear was that the roof would finally catch fire or that the flames would ultimately eat their way to the rear of the block and thus get a start. Fortunately the roof was heavy laden with snow and it is thought this helped to save the building. The excellent work of the firemen in this connection was also a great help. They kept the water on the rear of the building and watched that nothing started there.

It was thought that the whole block was doomed, however, and if this went there was no telling where the fire would end. The DISPATCH had a close call and the force was ushered into service and the files and all valuable papers were removed to the postoffice building. Others in the block also got ready to move out, but it was not long before the anxiety of those in this and the First National bank block was quieted, for after the Grandelmyer building had

burned for some time the burning walls and timbers, which hugged the Sleeper block, were torn down and the fire was soon under control at this end.

J. F. McGinnis, who recently bought out H. I. Cohen's dry goods store in the Sleeper block, was in imminent danger from the first and it was one of the wonders that he did not sustain some loss. The great stock of dry goods was protected by the one wall only and had it not been for the iron shutters on the east side there would have been a heavy loss.

BIG CROWDS SEE FIRE.

When the fire was at its fiercest height Front street was lined with people for three blocks, the sound of the alarm and the spectacle of the burning calling them out from all parts of the city in large numbers. The firemen and those who were included in the burning district had plenty of assistance, but it was but a short time before the whole building was enveloped that it was difficult to save anything.

KOOP'S STORE HEAVY LOSS.

The heaviest loser of this big conflagration was L. M. Koop. Nothing whatever was saved of this massive stock of dry goods and notions, and at this one store alone a \$40,000 stock was consumed. Mrs. Koop carried but \$24,000 insurance. The stock had but recently been replenished with thousands of dollars worth of fine spring and summer goods, only last week something like \$7,000 worth of dry goods were moved in.

Much of this stock might have been saved had they turned in to do so in the first place, but there was no one around, and by the time anyone got down to the store the interior was full of fire and smoke. Mrs. Koop did not reach the scene of the fire until after it had gotten a good start. She stated that she left the store shortly after 6 o'clock and everything seemed to be in good shape then. All the valuable papers were in the big safe located in the office and it is presumed that everything will be found in good shape when the safe is opened as it is fire proof. Mrs. Koop's loss is greatly deplored and she has the sympathy of a large number of friends in this city.

MRS. SEVERN KOOP'S LOSS.

While the Koop block, which was owned by Mrs. Severn Koop, is an old building it was nevertheless a profitable one for the owner, as it was centrally located and every room, both upstairs and down, was rented. The building as it stood was valued at about \$12,000 and it was only partially insured, but it will probably take three times that amount to replace the building, as it would now under the city charter have to be a solid brick.

FIREMEN FOUGHT NOBLY.

Of course in a fire of this kind there are always a lot of wise ones who are ready to criticize anything and everything, and last night some fault was found with the manner in which the firemen handled the fire, but be it said to their credit they worked faithfully to the last and did some excellent work. There is no doubt in the world that but for their efforts the Cale block, including the Johnson Pharmacy and Linnemann & Carlson's store, with several tenants upstairs, would have been reduced to ashes and they certainly did good service with the pressure they had on the Sleeper block. The pressure was something fierce last night as no steam at all could be secured during the first moments of the fire. Some thought that the trouble originated from the fact that there were too many hose on one main. At any rate the firemen have the thanks of those who sustained losses, who realize that it would have been much worse but for their efforts. They certainly deserve credit for their work.

A SPECTACULAR SIGHT.

The flames ate their way from the rear of the Koop store to the front and also commenced to spread east and west. When the fire did really pierce through

J. F. McGinnis'

SEVEN DAYS

more left for the purchasing public of Brainerd and vicinity to avail themselves of this extraordinary opportunity.

Saturday morning we placed on sale SPECIAL Lot No. Two Embroideries, regular 28c, 25c, 20c and 15 cents to close at

10c

Respectfully Yours,

J. F. McGinnis,

Successor to Henry I. Cohen.

608-610,

:-:

Front Street.

the roof and the whole was a mass of flames it was a spectacular sight, for the wind seemed to raise a little and the fiery elements danced as though in happy glee as the burning embers cracked and crumbled. The great mass of dry material made the fire very hot and windows on adjoining buildings several hundred feet away were affected. It was not over half an hour after the fire started that the flames had almost completely encircled the space between the Cale and the Sleeper blocks, and the firemen therefore had little to do in trying to stop the fire before it had destroyed all this property, as no human effort could ever do so. Their attention was turned to keeping the fire from spreading to the adjoining blocks and they were successful in this.

ROOMERS ESCAPE WITHOUT INJURY.

Up over the Koop store rooms were occupied by Mr. and Mrs. Frank Ady and family and Mr. and Mrs. Z. E. McCullough. Both families succeeded in getting out of the building but lost most of their furnishings. Mr. and Mrs. Ady lost something like \$1500 worth of household goods on which they carried \$300 insurance. Mr. McCullough carried \$350 insurance on about \$1000 worth of household goods.

THE OTHER LOSERS.

Among others who sustained heavy losses were Linnemann Bros., the clothiers, who were located in the same store room with Mrs. Koop. They carried about an \$18,000 stock which all burned and had \$15,000 insurance. They could not get anything out at all. Herman was at home when the alarm came, and when he got down town everything was a seething mass of flames.

L. Hohman, of the confectionery store, will come out quite lucky as he was pretty well insured. He estimates his loss at \$1800 and carries about \$1500 insurance.

J. H. Welliver, the barber, was fortunate enough to be on the ground when the fire first started and his furnishings and fixtures were all carried out. He did not carry insurance and his loss will be from \$250 to \$300.

Mrs. C. Grandelmyer owned the building in which she conducted her millinery and dressmaking establishment and she estimates her loss at \$6,000, and carried about \$5000 insurance. Of course there are hundreds of little personal effects that cannot be estimated.

CALE BLOCK CAUGHT FIRE.

While the firemen thought they had the fire under control smoke was discovered coming from the roof of the Cale block and on investigation it was found

that the fire had made headway and had become seated in the roof of the building. The combined effort of the firemen was turned to this building and for a time it was thought that the block was doomed to burn to the ground, which would add another \$75,000 to the loss already sustained which was variously estimated from \$75,000 to \$100,000. The firemen were obliged to dig into the roof and when they got to the seat of the fire had to deluge the building with water. No time was had to remove any of the big stock of dry goods out of this building and it was soon saturated with water and with the added loss from smoke rendered the stuff virtually worthless. Mr. and Mrs. Cale lived in rooms upstairs as did Mr. and Mrs. W. T. Larabee and they sustained heavy losses from the damage done to their household goods. It is estimated that the loss to L. J. Cale on his building, stock and household goods will reach \$20,000. The fire was soon under control and was checked at this point. The Johnson Pharmacy sustained considerable loss from water, about \$100 it is thought. Linnemann & Carlson had a stock of trunks in the basement of the Cale block and these were slightly damaged before being removed.

The heat from the fire also damaged the Opsahl building to the extent of about \$400. All the skylights were broken and Mr. Opsahl states that he lost a large number of negatives. He is fully covered by insurance.

THE ORIGIN.

Little is known of the exact origin of the fire. There are all kinds of stories how it started, but it seems that they are simply conclusions and not based on fact.

There were several roomers in the Cale block who lost heavily by moving their furniture from the building. They are: W. T. Larabee, Andrew Robertson and John Smiley.

By 11:30 o'clock the fire was under control and no further damage was done.

Following almost in the wake of a fire when Brainerd sustained the loss of the Arlington hotel and \$50,000 worth of property went up in smoke, the city has again been subjected to the terrible ordeal, for last night she was within the clutches of the fiery demon and over \$100,000 worth of property in the heart of the city was leveled to the ground and the scene this morning was that of devastation and ruin.

The fire started in the rear of the L. M. Koop dry goods store and before it could be checked the entire Koop block and the Grandelmyer building were leveled to the ground, the various tenants losing heavily, those sustaining losses being L. Hohman, L. M. Koop, Linnemann Bros., J. H. Welliver, Z. E. McCullough, Frank Ady, Mrs. C. Grandelmyer, L. J. Cale, Johnson's Pharmacy and W. T. Larabee. Some of these occupied rooms upstairs in the Koop block and sustained the loss of a large amount of household goods.

FIRST REPORT OF FIRE.

It was shortly after 8 o'clock that fire was scented for the first time in the Koop building, one of the first to perceive the smoke issuing from the front of the building being J. H. Welliver, who had just closed his barbershop and was ready to go home. The smoke was then coming out of the front door and the front windows, but not in any great volume, and at that time it was thought that it would be but a small matter to put the fire out.

Mr. Welliver at once turned in the alarm, but he had not dreamed of the start the fire had made to the rear of the building where it evidently originated. For a few moments before the alarm was turned in massive flames were piercing the air and they seemed to roll out of the rear end of the building in torrents.

Shortly after the fire started two or three small explosions were heard to the rear of the Koop building, which were followed by large gushes of smoke and fire from the windows and it was then easy to be seen that no human effort could ever save the building. The Koop building was a two-story frame structure and was one of the oldest in the city, and the flames made rapid headway among the old dry timbers.

ADJOINING BUILDINGS IN DANGER.

The Grandelmyer building, located just west of the Koop block, was also a frame structure two stories high and it was evident from the start that this building was also doomed. The work of saving many of Mrs. Grandelmyer's personal effects was commenced at once, but the building was soon a mass of flames and it took but a short time to reduce it to ashes. Very little of the stock was saved.

SLEEPER BLOCK IN PERIL.

For a time it was confidently thought that the Sleeper block, which adjoined the Grandelmyer building to the west, would go, but the material that the block was built of saved it. There is a solid brick wall on the east side of the building and the windows are all provided with iron shutters, so the building was virtually fire proof, so far as the windows were concerned, but the fear was that the roof would finally catch fire or that the flames would ultimately eat their way to the rear of the block and thus get a start. Fortunately the roof was heavy laden with snow and it is thought this helped to save the building. The excellent work of the firemen in this connection was also a great help. They kept the water on the rear of the building and watched that nothing started there.

It was thought that the whole block was doomed, however, and if this went there was no telling where the fire would end. The DISPATCH had a close call and the force was ushered into service and the files and all valuable papers were removed to the postoffice building. Others in the block also got ready to move out, but it was not long before the anxiety of those in this and the First National bank block was quieted, for after the Grandelmyer building had

burned for some time the burning walls and timbers, which hugged the Sleeper block, were torn down and the fire was soon under control at this end.

J. F. McGinnis, who recently bought out H. I. Cohen's dry goods store in the Sleeper block, was in imminent danger from the first and it was one of the wonders that he did not sustain some loss. The great stock of dry goods was protected by the one wall only and had it not been for the iron shutters on the east side there would have been a heavy loss.

BIG CROWDS SEE FIRE.

When the fire was at its fiercest height Front street was lined with people for three blocks, the sound of the alarm and the spectacle of the burning calling them out from all parts of the city in large numbers. The firemen and those who were included in the burning district had plenty of assistance, but it was but a short time before the whole building was enveloped that it was difficult to save anything.

KOOP'S STORE HEAVY LOSS.

The heaviest loser of this big conflagration was L. M. Koop. Nothing whatever was saved of this massive stock of dry goods and notions, and at this one store alone a \$40,000 stock was consumed. Mrs. Koop carried but \$24,000 insurance. The stock had but recently been replenished with thousands of dollars worth of fine spring and summer goods, only last week something like \$7,000 worth of dry goods were moved in.

Much of this stock might have been saved had they turned in to do so in the first place, but there was no one around, and by the time anyone got down to the store the interior was full of fire and smoke. Mrs. Koop did not reach the scene of the fire until after it had gotten a good start. She stated that she left the store shortly after 8 o'clock and everything seemed to be in good shape then. All the valuable papers were in the big safe located in the office and it is presumed that everything will be found in good shape when the safe is opened as it is fire proof. Mrs. Koop's loss is greatly deplored and she has the sympathy of a large number of friends in this city.

MRS. SEVERN KOOP'S LOSS.

While the Koop block, which was owned by Mrs. Severn Koop, is an old building it was nevertheless a profitable one for the owner, as it was centrally located and every room, both upstairs and down, was rented. The building as it stood was valued at about \$12,000 and it was only partially insured, but it will probably take three times that amount to replace the building, as it would now under the city charter have to be a solid brick.

FIREMEN FOUGHT NOBLY.

Of course in a fire of this kind there are always a lot of wise ones who are ready to criticize anything and everything, and last night some fault was found with the manner in which the firemen handled the fire, but be it said to their credit they worked faithfully to the last and did some excellent work. There is no doubt in the world that but for their efforts the Cale block, including the Johnson Pharmacy and Linnemann & Carlson's store, with several tenants up stairs, would have been reduced to ashes and they certainly did good service with the pressure they had on the Sleeper block. The pressure was something fierce last night as no steam at all could be secured during the first moments of the fire. Some thought that the trouble originated from the fact that there were too many hoses on one main. At any rate the firemen have the thanks of those who sustained losses, who realize that it would have been much worse but for their efforts. They certainly deserve credit for their work.

A SPECTACULAR SIGHT.

The flames ate their way from the rear of the Koop store to the front and also commenced to spread east and west. When the fire did really pierce through

Front Street.

the roof and the whole was a mass of flames it was a spectacular sight, for the wind seemed to raise a little and the fiery elements danced as though in happy glee as the burning embers cracked and crumbled. The great mass of dry material made the fire very hot and windows on adjoining buildings several hundred feet away were affected. It was not over half an hour after the fire started that the flames had almost completely encircled the space between the Cale and the Sleeper blocks, and the firemen therefore had little to do in trying to stop the fire before it had destroyed all this property, as no human effort could ever do so. Their attention was turned to keeping the fire from spreading to the adjoining blocks and they were successful in this.

ROOMERS ESCAPE WITHOUT INJURY.

Up over the Koop store rooms were occupied by Mr. and Mrs. Frank Ady and family and Mr. and Mrs. Z. E. McCullough. Both families succeeded in getting out of the building but lost most of their furnishings. Mr. and Mrs. Ady lost something like \$1500 worth of household goods on which they carried \$300 insurance. Mr. McCullough carried \$350 insurance on about \$1000 worth of household goods.

THE OTHER LOSERS.

Among others who sustained heavy losses were Linnemann Bros., the clothiers, who were located in the same store room with Mrs. Koop. They carried about an \$18,000 stock which all burned and had \$15,000 insurance. They could not get anything out at all. Herman was at home when the alarm came, and when he got down town everything was a seething mass of flames.

L. Hohman, of the confectionery store, will come out quite lucky as he was pretty well insured. He estimates his loss at \$1800 and carries about \$1500 insurance.

J. H. Welliver, the barber, was fortunate enough to be on the ground when the fire first started and his furnishings and fixtures were all carried out. He did not carry insurance and his loss will be from \$250 to \$300.

Mrs. C. Grandelmyer owned the building in which she conducted her millinery and dressmaking establishment and she estimates her loss at \$6,000, and carried about \$5000 insurance. Of course there are hundreds of little personal effects that cannot be estimated.

CALE BLOCK CAUGHT FIRE.

While the firemen thought they had the fire under control smoke was discovered coming from the roof of the Cale block and on investigation it was found

that the fire had made headway and had become seated in the roof of the building. The combined effort of the firemen was turned to this building and for a time it was thought that the block was doomed to burn to the ground, which would add another \$75,000 to the loss already sustained which was variously estimated from \$75,000 to \$100,000. The firemen were obliged to dig into the roof and when they got to the seat of the fire had to deluge the building with water. No time was had to remove any of the big stock of dry goods out of this building and it was soon saturated with water and with the added loss from smoke rendered the stuff virtually worthless. Mr. and Mrs. Cale lived in rooms up stairs as did Mr. and Mrs. W. T. Larabee and they sustained heavy losses from the damage done to their household goods. It is estimated that the loss to L. J. Cale on his building, stock and household goods will reach \$20,000. The fire was soon under control and was checked at this point. The Johnson Pharmacy sustained considerable loss from water, about \$100 it is thought. Linnemann & Carlson had a stock of trunks in the basement of the Cale block and these were slightly damaged before being removed.

The heat from the fire also damaged the Opsahl building to the extent of about \$400. All the skylights were broken and Mr. Opsahl states that he lost a large number of negatives. He is fully covered by insurance.

THE ORIGIN.

Little is known of the exact origin of the fire. There are all kinds of stories how it started, but it seems that they are simply conclusions and not based on fact.

There were several roomers in the Cale block who lost heavily by moving their furniture from the building. They are: W. T. Larabee, Andrew Robertson and John Smiley.

By 11:30 o'clock the fire was under control and no further damage was done.

Following almost in the wake of a fire when Brainerd sustained the loss of the Arlington hotel and \$50,000 worth of property went up in smoke, the city has again been subjected to the terrible ordeal, for last night she was within the clutches of the fiery demon and over \$100,000 worth of property in the heart of the city was leveled to the ground and the scene this morning was that of devastation and ruin.

The fire started in the rear of the L. M. Koop dry goods store and before it could be checked the entire Koop block and the Grandelmyer building were leveled to the ground, the various tenants losing heavily, those sustaining losses being L. Hohman, L. M. Koop, Linnemann Bros., J. H. Welliver, Z. E. McCullough, Frank Ady, Mrs. C. Grandelmyer, L. J. Cale, Johnson's Pharmacy and W. T. Larabee. Some of these occupied rooms upstairs in the Koop block and sustained the loss of a large amount of household goods.

FIRST REPORT OF FIRE.

It was shortly after 8 o'clock that fire was scented for the first time in the Koop building, one of the first to perceive the smoke issuing from the front of the building being J. H. Welliver, who had just closed his barbershop and was ready to go home. The smoke was then coming out of the front door and the front windows, but not in any great volume, and at that time it was thought that it would be but a small matter to put the fire out.

Mr. Welliver at once turned in the alarm, but he had not dreamed of the start the fire had made to the rear of the building where it evidently originated. For a few moments before the alarm was turned in massive flames were piercing the air and they seemed to roll out of the rear end of the building in torrents.

Shortly after the fire started two or three small explosions were heard to the rear of the Koop building, which were followed by large gushes of smoke and fire from the windows and it was then easy to be seen that no human effort could ever save the building. The Koop building was a two-story frame structure and was one of the oldest in the city, and the flames made rapid headway among the old dry timbers.

ADJOINING BUILDINGS IN DANGER.

The Grandelmyer building, located just west of the Koop block, was also a frame structure two stories high and it was evident from the start that this building was also doomed. The work of saving many of Mrs. Grandelmyer's personal effects was commenced at once, but the building was soon a mass of flames and it took but a short time to reduce it to ashes. Very little of the stock was saved.

SLEEPER BLOCK IN PERIL.

For a time it was confidently thought that the Sleeper block, which adjoined the Grandelmyer building to the west, would go, but the material that the block was built of saved it. There is a solid brick wall on the east side of the building and the windows are all provided with iron shutters, so the building was virtually fire proof, so far as the windows were concerned, but the fear was that the roof would finally catch fire or that the flames would ultimately eat their way to the rear of the block and thus get a start. Fortunately the roof was heavy laden with snow and it is thought this helped to save the building. The excellent work of the firemen in this connection was also a great help. They kept the water on the rear of the building and watched that nothing got started there.

It was thought that the whole block was doomed, however, and if this went there was no telling where the fire would end. The Dispatch had a close call and the force was ushered into service and the files and all valuable papers were removed to the postoffice building. Others in the block also got ready to move out, but it was not long before the anxiety of those in this and the First National bank block was quieted, for after the Grandelmyer building had

burned for some time the burning walls and timbers, which hugged the Sleeper block, were torn down and the fire was soon under control at this end.

J. F. McGinnis, who recently bought out H. I. Cohen's dry goods store in the Sleeper block, was in imminent danger from the first and it was one of the wonders that he did not sustain some loss. The great stock of dry goods was protected by the one wall only and had it not been for the iron shutters on the east side there would have been a heavy loss.

BIG CROWDS SEE FIRE.

When the fire was at its fiercest height Front street was lined with people for three blocks, the sound of the alarm and the spectacle of the burning calling them out from all parts of the city in large numbers. The firemen and those who were included in the burning district had plenty of assistance, but it was but a short time before the whole building was enveloped that it was difficult to save anything.

KOOP'S STORE HEAVY LOSS.

The heaviest loser of this big conflagration was L. M. Koop. Nothing whatever was saved of this massive stock of dry goods and notions, and at this one store alone a \$40,000 stock was consumed. Mrs. Koop carried but \$24,000 insurance. The stock had but recently been replenished with thousands of dollars worth of fine spring and summer goods, only last week something like \$7,000 worth of dry goods were moved in.

Much of this stock might have been saved had they turned in to do so in the first place, but there was no one around, and by the time anyone got down to the store the interior was full of fire and smoke. Mrs. Koop did not reach the scene of the fire until after it had gotten a good start. She stated that she left the store shortly after 6 o'clock and everything seemed to be in good shape then. All the valuable papers were in the big safe located in the office and it is presumed that everything will be found in good shape when the safe is opened as it is fire proof. Mrs. Koop's loss is greatly deplored and she has the sympathy of a large number of friends in this city.

MRS. SEVERN KOOP'S LOSS.

While the Koop block, which was owned by Mrs. Severn Koop, is an old building it was nevertheless a profitable one for the owner, as it was centrally located and every room, both upstairs and down, was rented. The building as it stood was valued at about \$12,000 and it was only partially insured, but it will probably take three times that amount to replace the building, as it would now under the city charter have to be a solid brick.

FIREMEN FOUGHT NOBLY.

Of course in a fire of this kind there are always a lot of wise ones who are ready to criticize anything and everything, and last night some fault was found with the manner in which the firemen handled the fire, but be it said to their credit they worked faithfully to the last and did some excellent work. There is no doubt in the world that but for their efforts the Cale block, including the Johnson Pharmacy and Linnemann & Carlson's store, with several tenants up stairs, would have been reduced to ashes and they certainly did good service with the pressure they had on the Sleeper block. The pressure was something fierce last night as no steam at all could be secured during the first moments of the fire. Some thought that the trouble originated from the fact that there were too many hose on one main. At any rate the firemen have the thanks of those who sustained losses, who realize that it would have been much worse but for their efforts. They certainly deserve credit for their work.

A SPECTACULAR SIGHT.

The flames ate their way from the rear of the Koop store to the front and also commenced to spread east and west. When the fire did really pierce through

J. F. McGinnis'

more left for the purchasing public of Brainerd and vicinity to avail themselves of this extraordinary opportunity.

Saturday morning we placed on sale SPECIAL Lot No. Two Embroideries, regular 28c, 25c, 20c and 15 cents to close at

10c

Respectfully Yours,

J. F. McGinnis,

Successor to Henry I. Cohen.

608-610,

:-:

Front Street.

the roof and the whole was a mass of flames it was a spectacular sight, for the wind seemed to raise a little and the fiery elements danced as though in happy glee as the burning embers cracked and crumbled. The great mass of dry material made the fire very hot and windows on adjoining buildings several hundred feet away were affected. It was not over half an hour after the fire started that the flames had almost completely encircled the space between the Cale and the Sleeper blocks, and the firemen therefore had little to do in trying to stop the fire before it had destroyed all this property, as no human effort could ever do so. Their attention was turned to keeping the fire from spreading to the adjoining blocks and they were successful in this.

ROOMERS ESCAPE WITHOUT INJURY.

Up over the Koop store rooms were occupied by Mr. and Mrs. Frank Ady and family and Mr. and Mrs. Z. E. McCullough. Both families succeeded in getting out of the building but lost most of their furnishings. Mr. and Mrs. Ady lost something like \$1500 worth of household goods on which they carried \$300 insurance. Mr. McCullough carried \$350 insurance on about \$1000 worth of household goods.

THE OTHER LOSERS.

Among others who sustained heavy losses were Linnemann Bros., the clothiers, who were located in the same store room with Mrs. Koop. They carried about an \$18,000 stock which all burned and had \$15,000 insurance. They could not get anything out at all. Herman was at home when the alarm came, and when he got down town everything was a seething mass of flames.

L. Hohman, of the confectionery store, will come out quite lucky as he was pretty well insured. He estimates his loss at \$1800 and carries about \$1500 insurance.

J. H. Welliver, the barber, was fortunate enough to be on the ground when the fire first started and his furnishings and fixtures were all carried out. He did not carry insurance and his loss will be from \$250 to \$300.

Mrs. C. Grandelmyer owned the building in which she conducted her millinery and dressmaking establishment and she estimates her loss at \$6,000, and carried about \$5000 insurance. Of course there are hundreds of little personal effects that cannot be estimated.

CALE BLOCK CAUGHT FIRE.

While the firemen thought they had the fire under control smoke was discovered coming from the roof of the Cale block and on investigation it was found

that the fire had made headway and had become seated in the roof of the building. The combined effort of the firemen was turned to this building and for a time it was thought that the block was doomed to burn to the ground, which would add another \$75,000 to the loss already sustained which was variously estimated from \$75,000 to \$100,000. The firemen were obliged to dig into the roof and when they got to the seat of the fire had to deluge the building with water. No time was had to remove any of the big stock of dry goods out of this building and it was soon saturated with water and with the added loss from smoke rendered the stuff virtually worthless. Mr. and Mrs. Cale lived in rooms upstairs as did Mr. and Mrs. W. T. Larabee and they sustained heavy losses from the damage done to their household goods. It is estimated that the loss to L. J. Cale on his building, stock and household goods will reach \$20,000. The fire was soon under control and was checked at this point. The Johnson Pharmacy sustained considerable loss from water, about \$100 it is thought. Linnemann & Carlson had a stock of trunks in the basement of the Cale block and these were slightly damaged before being removed.

The heat from the fire also damaged the Opsahl building to the extent of about \$400. All the skylights were broken and Mr. Opsahl states that he lost a large number of negatives. He is fully covered by insurance.

THE ORIGIN.

Little is known of the exact origin of the fire. There are all kinds of stories how it started, but it seems that they are simply conclusions and not based on fact.

There were several roomers in the Cale block who lost heavily by moving their furniture from the building. They are: W. T. Larabee, Andrew Robertson and John Smiley.

By 11:30 o'clock the fire was under control and no further damage was done.

IN MINNIE HEALY MINE

FIVE MEN LOSE THEIR LIVES BY A CAVE-IN OF EARTH AND ROCK AT BUTTE.

WERE DOING REPAIR WORK

VICTIMS OF DISASTER TRYING TO STRENGTHEN THE WEAK SPOTS IN THE MINE.

Butte, Mont., Feb. 26.—Five lives were lost Thursday by a cave-in of earth and rock in the Minnie Healy mine. The dead are Thomas Haggerty, shift boss; Thomas Furlong, William Dyer, Ike Abraham and Antonio Trinetti, all miners.

The accident occurred on the sixth floor of the 1,400 level. Early in the day Foreman Joseph Kane was informed that the ground in that place was soft and in danger of falling. He withdrew all the miners who were working there. In the evening Shift Boss Haggerty took Furlong, Dyer, Abraham and Trinetti into the place to strengthen the weak spots.

The noise of the fall was heard in other portions of the mine. Work was at once suspended and everyone went to the rescue.

The bodies of Haggerty and Trinetti were recovered, but it is likely to be days before the others are recovered.

The Minnie Healy mine is operated by the Montana Ore Purchasing company.

ISLE OF PINES TREATY LAPSES.

Fails of Ratification by United States Senate Within Time Limit.

Havana, Feb. 26.—The lapsing of the Isle of Pines treaty on account of its not being ratified within the time limit, is thought to be mainly due to the fact that the state department at Washington did not call attention to the matter. It would appear that the state department failed to remember the time limit. The treaty was signed in Havana July 2, 1903, and was ratified by the Cuban senate July 16, since when it has been pending in the United States senate. The last condition on the treaty was to the effect that the ratifications be exchanged in Washington within seven months of the date of signing.

Persons interested in securing American sovereignty for the Isle of Pines are jubilant at this development, holding it to be a setback which gives additional promise of the final defeat of the proposal that the island remain under Cuban sovereignty.

GOVERNMENT FORCES BEATEN.

Make an Unsuccessful Attack Upon Dominican Insurgents.

San Domingo, Feb. 26.—Government forces attacked San Pedro de Macoris last Saturday. They went in small boats with the intention of landing, but were received with a fusillade from the insurgents which resulted in the killing or wounding of many. The gunboat Presidente then bombarded the town and inflicted much damage. The attack and the bombardment were renewed on Sunday. The rebels fired on the Presidente and damaged it about the water line. This obliged the gunboat to return to San Domingo. The government gunboat Independencia arrived Monday. San Domingo city is quiet.

The United States training ship Hartford arrived Sunday to relieve the cruiser Columbia, which left for St. Thomas, D. W. I.

FOUR MEN KILLED.

Fireman Greismold and Three Stockmen Perish in Iowa Wreck.

Des Moines, Ia., Feb. 26.—A fast stock and freight train last night ran into the rear end of another stock and freight train on the Chicago and Great Western railroad at Dyersville, Ia., killing Fireman E. W. Greismold and three stockmen. The bodies of the stockmen were cremated.

Two other stockmen who were riding in the caboose of the first section were injured. The wreck caught fire and the caboose and a refrigerator car were burned.

MARINES SAIL FROM COLON.

Dixie Takes Major Cole's Detachment to Chiriqui Lagoon.

Colon, Feb. 26.—The United States auxiliary cruiser Dixie embarked 450 marines here Thursday, being Major Cole's division, and left at night for Chiriqui lagoon. Her ultimate destination is declared to be Philadelphia.

The celebration of the ratification of the canal treaty by the United States senate continues.

CHILDREN FATALLY BURNED.

Mother of the Little Ones Also May Die From Her Injuries.

Pittsburg, Feb. 26.—Leo McAleer, five years old, and his brother, two years old, were fatally burned last night by a fire which consumed the home of Carmack McAleer. The mother of the children, in rescuing her little ones, received burns that may result fatally.

FATAL POWDER EXPLOSION.

Ohio Woman Killed and Three Men Mortally Injured.

Bellaire, O., Feb. 26.—Mrs. Michael Tondocovich was killed and three men were fatally burned by a powder explosion Thursday. Seven shanties occupied by miners were destroyed.

Merriam Talks to Credit Men.

Pittsburg, Feb. 26.—About 100 members of the Pittsburg Association of Credit Men sat down to the annual banquet of the association last night. The principal after dinner speaker was Former Governor W. R. Merriam of Minnesota. The association appropriated a fund of \$50,000 for punishing fraud.

IN MINNIE HEALY MINE

FIVE MEN LOSE THEIR LIVES BY
A CAVE-IN OF EARTH AND
ROCK AT BUTTE.

WERE DOING REPAIR WORK

VICTIMS OF DISASTER TRYING TO
STRENGTHEN THE WEAK
SPOTS IN THE MINE.

Butte, Mont., Feb. 26.—Five lives were lost Thursday by a cave-in of earth and rock in the Minnie Healy mine. The dead are Thomas Haggerty, shift boss; Thomas Furlong, William Dyer, Ike Abraham and Antonio Trinetti, all miners.
The accident occurred on the sixth floor of the 1,400 level.

Early in the day Foreman Joseph Kane was informed that the ground in that place was soft and in danger of falling. He withdrew all the miners who were working there. In the evening Shift Boss Haggerty took Furlong, Dyer, Abraham and Trinetti into the place to strengthen the weak spots.
The noise of the fall was heard in other portions of the mine. Work was at once suspended and everyone went to the rescue.

The bodies of Haggerty and Trinetti were recovered, but it is likely to be days before the others are recovered.

The Minnie Healy mine is operated by the Montana Ore Purchasing company.

ISLE OF PINES TREATY LAPSES.

Falls of Ratification by United States Senate Within Time Limit.

Havana, Feb. 26.—The lapsing of the Isle of Pines treaty on account of its not being ratified within the time limit, is thought to be mainly due to the fact that the state department at Washington did not call attention to the matter. It would appear that the state department failed to remember this time limit. The treaty was signed in Havana July 2, 1903, and was ratified by the Cuban senate July 16, since when it has been pending in the United States senate. The last condition on the treaty was to the effect that the ratifications be exchanged in Washington within seven months of the date of signing.

Persons interested in securing American sovereignty for the Isle of Pines are jubilant at this development, holding it to be a setback which gives additional promise of the final defeat of the proposal that the island remain under Cuban sovereignty.

GOVERNMENT FORCES BEATEN.

Make an Unsuccessful Attack Upon Dominican Insurgents.

San Domingo, Feb. 26.—Government forces attacked San Pedro de Macoris last Saturday. They went in small boats with the intention of landing, but were received with a fusillade from the insurgents which resulted in the killing or wounding of many. The gunboat Presidente then bombarded the town and inflicted much damage. The attack and the bombardment were renewed on Sunday. The rebels fired on the Presidente and damaged it about the water line. This obliged the gunboat to return to San Domingo. The government gunboat Independencia arrived Monday. San Domingo city is quiet.

The United States training ship Hartford arrived Sunday to relieve the cruiser Columbia, which left for St. Thomas, D. W. I.

FOUR MEN KILLED.

Fireman Greismold and Three Stockmen Perish in Iowa Wreck.

Des Moines, Ia., Feb. 26.—A fast stock and freight train last night ran into the rear end of another stock and freight train on the Chicago and Great Western railroad at Dyersville, Ia., killing Fireman E. W. Greismold and three stockmen. The bodies of the stockmen were cremated.

Two other stockmen who were riding in the caboose of the first section were injured. The wreck caught fire and the caboose and a refrigerator car were burned.

MARINES SAIL FROM COLON.

Dixie Takes Major Cole's Detachment to Chiriqui Lagoon.

Colon, Feb. 26.—The United States auxiliary cruiser Dixie embarked 450 marines here Thursday, being Major Cole's division, and left at night for Chiriqui lagoon. Her ultimate destination is declared to be Philadelphia.

The celebration of the ratification of the canal treaty by the United States senate continues.

CHILDREN FATALLY BURNED.

Mother of the Little Ones Also May Die From Her Injuries.

Pittsburg, Feb. 26.—Leo McAleer, five years old, and his brother, three years old, were fatally burned last night by a fire which consumed the home of Carmack McAleer. The mother of the children, in rescuing her little ones, received burns that may result fatally.

FATAL POWDER EXPLOSION.

Ohio Woman Killed and Three Men Mortally Injured.

Bellaire, O., Feb. 26.—Mrs. Michael Tondocovich was killed and three men were fatally burned by a powder explosion Thursday. Seven shanties occupied by miners were destroyed.

Merriam Talks to Credit Men.

Pittsburg, Feb. 26.—About 100 members of the Pittsburg Association of Credit Men sat down to the annual banquet of the association last night. The principal after dinner speaker was former Governor W. R. Merriam of Minnesota. The association appropriated a fund of \$50,000 for punishing fraud.

WANTS.

IN MINNIE HEALY MINE

FIVE MEN LOSE THEIR LIVES BY
A CAVE-IN OF EARTH AND
ROCK AT BUTTE.

WERE DOING REPAIR WORK

VICTIMS OF DISASTER TRYING TO
STRENGTHEN THE WEAK
SPOTS IN THE MINE.

Butte, Mont., Feb. 26.—Five lives were lost Thursday by a cave-in of earth and rock in the Minnie Healy mine. The dead are Thomas Haggerty, shift boss; Thomas Furlong, William Dyer, Ike Abraham and Antonio Trinetti, all miners.

The accident occurred on the sixth floor of the 1,400 level.
Early in the day Foreman Joseph Kane was informed that the ground in that place was soft and in danger of falling. He withdrew all the miners who were working there. In the evening Shift Boss Haggerty took Furlong, Dyer, Abraham and Trinetti into the place to strengthen the weak spots.
The noise of the fall was heard in other portions of the mine. Work was at once suspended and everyone went to the rescue.

The bodies of Haggerty and Trinetti were recovered, but it is likely to be days before the others are recovered.

The Minnie Healy mine is operated by the Montana Ore Purchasing company.

ISLE OF PINES TREATY LAPSES.

Falls of Ratification by United States Senate Within Time Limit.

Havana, Feb. 26.—The lapsing of the Isle of Pines treaty on account of its not being ratified within the time limit, is thought to be mainly due to the fact that the state department at Washington did not call attention to the matter. It would appear that the state department failed to remember this time limit. The treaty was signed in Havana July 2, 1903, and was ratified by the Cuban senate July 16, since when it has been pending in the United States senate. The last condition on the treaty was to the effect that the ratifications be exchanged in Washington within seven months of the date of signing.

Persons interested in securing American sovereignty for the Isle of Pines are jubilant at this development, holding it to be a setback which gives additional promise of the final defeat of the proposal that the island remain under Cuban sovereignty.

GOVERNMENT FORCES BEATEN.

Make an Unsuccessful Attack Upon Dominican Insurgents.

San Domingo, Feb. 26.—Government forces attacked San Pedro de Macoris last Saturday. They went in small boats with the intention of landing, but were received with a fusillade from the insurgents which resulted in the killing or wounding of many. The gunboat Presidente then bombarded the town and inflicted much damage. The attack and the bombardment were renewed on Sunday. The rebels fired on the Presidente and damaged it about the water line. This obliged the gunboat to return to San Domingo. The government gunboat Independencia arrived Monday. San Domingo city is quiet.

The United States training ship Hartford arrived Sunday to relieve the cruiser Columbia, which left for St. Thomas, D. W. I.

FOUR MEN KILLED.

Fireman Greismold and Three Stockmen Perish in Iowa Wreck.

Des Moines, Ia., Feb. 26.—A fast stock and freight train last night ran into the rear end of another stock and freight train on the Chicago and Great Western railroad at Dyersville, Ia., killing Fireman E. W. Greismold and three stockmen. The bodies of the stockmen were cremated.

Two other stockmen who were riding in the caboose of the first section were injured. The wreck caught fire and the caboose and a refrigerator car were burned.

MARINES SAIL FROM COLON.

Dixie Takes Major Cole's Detachment to Chiriqui Lagoon.

Colon, Feb. 26.—The United States auxiliary cruiser Dixie embarked 450 marines here Thursday, being Major Cole's division, and left at night for Chiriqui lagoon. Her ultimate destination is declared to be Philadelphia. The celebration of the ratification of the canal treaty by the United States senate continues.

CHILDREN FATALLY BURNED.

Mother of the Little Ones Also May Die From Her Injuries.

Pittsburg, Feb. 26.—Leo McAteer, five years old, and his brother, two years old, were fatally burned last night by a fire which consumed the home of Carmack McAteer. The mother of the children, in rescuing her little ones, received burns that may result fatally.

FATAL POWDER EXPLOSION.

Ohio Woman Killed and Three Men Mortally Injured.

Bellaire, O., Feb. 26.—Mrs. Michael Tondocovich was killed and three men were fatally burned by a powder explosion Thursday. Seven shanties occupied by miners were destroyed.

Merriam Talks to Credit Men.

Pittsburg, Feb. 26.—About 100 members of the Pittsburg Association of Credit Men sat down to the annual banquet of the association last night. The principal after dinner speaker was Former Governor W. R. Merriam of Minnesota. The association appropriated a fund of \$50,000 for punishing fraud.
